FOR IMMEDIATE RELEASE

19 February 2021

Dye & Durham Limited

("Dye & Durham")

Statement regarding possible offer for Idox plc

Dye & Durham has noted the movement in the share price of Idox plc, ("Idox" or the "Company") and confirms that it has engaged in discussions with the management of the Company to explore the feasibility of a potential all-cash offer for the entire issued and to be issued share capital of Idox. Dye & Durham confirms it has submitted three non-binding indicative proposals of 67 pence, 70 pence and 75 pence per Idox share, payable in cash, to Idox's board of directors on February 9, 2021, February 17, 2021 and February 18, 2021. These proposals represent premiums of approximately 25%, 30% and 39% respectively to the closing share price of Idox immediately prior to Dye & Durham's initial proposal. The latest proposal values Idox at an equity value, on a fully diluted basis, at approximately £342.8 million¹. Dye & Durham has evaluated this acquisition and the strategic rationale for some time. There can be no certainty that an offer will be made.

Rationale for Dye & Durham's interest in Idox

Dye & Durham's vision is to be the world's leading provider of public records registry data and the workflows this information powers. Having an established platform in our key markets of Canada, the United Kingdom and Australia, Idox is a natural strategic vertical asset for Dye & Durham to own as the Company provides the specialist software solutions to over 90% of local government authorities in the United Kingdom, which supports the complex operations and management of public record information. On a daily basis, Dye & Durham's many customers across the United Kingdom access the public record information Idox's software manages, allowing them to manage their information and regulatory requirements.
